Intelligent Versatility AND CUSTOMER EXPLOITATION

Innovation, quality and affordability are the key words behind Auto Campers philosophy. Award winning design, Ford or VW, twin side doors, 4 models, 3 roof options, 2-7 travel seats, 2-4 berths and 1000s of combinations

View some of ours and our customers pictures to give you a taste of lifestyle, opportunity and spontaneity that awaits!

Q: Where do I start?

A: If your Auto Camper has to successfully cross over to be an everyday vehicle that you're comfortable driving & manoeuvring without hesitation 365 days a year, then a short wheelbase is your best option. However, if internal space for your leisure time is a priority then a long wheelbase should be considered.

Q: Which roof height is right for me?

A: Lo-Line: Go anywhere affordable option

Hi-Line: Optimum storage, enjoyed all year round, cheaper than a Pop Top

Pop Top: Additional 2 berths, perfect for families

Q: VW or Ford?

A: The VW has a narrow wheel track which lends itself to street parking. If your priority is commuting, then the Pop Top version will just fit under a 2-meter height barrier.

Transit has been the UK's best-selling van for over 50 years. Transit Custom now brings car like refinement, whilst kinetic design and value offer a price competitive alternative with greater internal space, ideal if your priority is leisure time.

Q: Diesel or alternative fuel?

A: Alternative fuels are the future for cars; however, an Auto Camper typically needs to cover greater distances, often in areas with limited charging points.

New Euro 6TDCi engines with Dpf filters are the cleanest diesel engines in the world with many advantages including excellent mpg & higher torque that is required for towing

Q: Why twin side doors?

A: Four adults can relax with uncompromised leg room & cross ventilation. There can be a sense of connection with the outdoors whilst using the kitchen facilities especially if an optional awning is added.

Q: Fixed or sliding rock 'n' roll, or a suspended bed?

A: Our intelligently designed bed systems offer unrivalled versatility. Consider your storage requirements. Do you want to decant everything into an awning in order to make enough space for sleeping?

Q: Which options should I prioritise?

A: Diesel heating will change the space into a welcoming environment. It can be used whilst on the move as well as on location. Consider your lifestyle, opportunity & spontaneity when thinking about bike racks, awnings, outside living Read on to discover more →

A traditional floor plan with passenger swivel seat, RH furniture & LH sliding door. 2 or 4 berths, short or long wheelbase and 3 roof heights. Fuel efficient, clean TDCi engines and class leading specification. The mid mount M1 tested seat simply transposes into a chaise or bed, alternatively add the optional sliding vari-mount for added versatility.

Classic
FURNITURE COLOUR OPTIONS

WHITE	MATT GREY	SAHARA NIGHT	DUCK EGG BLUE	DRIFT WOOD
-------	-----------	--------------	---------------	------------

The Classic is an easily understood Camper with a traditional fixed mid mount or sliding rock 'n roll style bed. The furniture extends the length of the RH side with easy passenger access through the single LH sliding door.

FORD CUSTOM LIMITED: Tailgate, body colour coded front bumper, front fog lights, power folding and heated door mirrors, heated windscreen, privacy glass, auto sensing wipers and lights, projector cornering headlights, front and rear parking sensors, DAB Radio with multi function display, leather trimmed steering wheel, cruise control, lockable glove box, ABS, ESP, side wind mitigation and roll stability control and reverse camera. Sync 3 including 8" touch screen, 16" alloy wheels, colour coded body pack, air conditioning, alarm, and high security door locks. 130ps or 170ps Euro 6 TDci manual or automatic transmission.

VW T6 HIGHLINE MODEL: VW's Highline model is a close comparison to Ford's Limited model including colour coded body mouldings, alloys, air con, cruise control, blue tooth, rear parking sensors, auto lights, fog lights, heated adjustable mirrors and heated windscreen.

CONVERSION: High pressure laminate furniture, edge banded nylon edges, insulation, altro flooring, stainless steel door trims, single passenger cab swivel seat, fixed LH window, RH sliding window, LH third row window, glazed rear doors, tambour doors, combination hob and sink complete with glass lids and tap, plus associated gas box, large under floor fresh and grey water tanks, 115AH leisure battery, 240V hook up, 100W solar panel, 2x 12V and 2x 240V sockets, 50ltr compressor fridge freezer, cab silver screens, black out curtains, LED lighting, large multi position table system. The M1 certified mid mounted fixed or sliding double rear travel seat / bed incorporating isofix child seat anchors, uniquely reclines in multiple positions, with stowage under for a porta potti and soft close drawer. The bed's rear leaf can be left horizontally as a parcel shelf, folded vertically for maximum storage or set at multiple angles to create a comfortable day bed.

LO-LINE:	Ford steel roof, panoramic glass roof hatch with silver- screen insulated black out.
POP-TOP:	Reimo front lifting elevating roof inc front spoiler, front window and side screens with curtains.
HI-LINE:	Ford steel roof, full height rear barn doors, LH upper locker, full height RH wardrobe extension, locker over kitchen and over cab locker, 500mm x 500mm roof light complete with black out blind and insect screen.

TOTAL ON THE ROAD

£ __.____.____

Vehicles originate from Ford or VW classed as N1 goods carrying vehicles attracting annual road fund taxation of just £260 per annum. In September 2019, the DVLA prohibited any Camper with a lo-line or pop top roof being classed as a motor caravan, consequently some "van" speed limits apply on specific roads but not motorways.

The Auto Camper Classic has been type approved and meets all current legislation, type approval is available as a cost option on request, however, because the retail value including VAT then exceeds £40,000, recent changes in special purpose multistage vehicle legislation automatically attracts premium road tax duties of £1,280.00 for year one and then £450.00 for years 2-6.

*VAT may be zero rated subject to a wheelchair user gaining a genuine benefit, please ask for further information.

Leisure Van

SHORT OR LONG WHEELBASE

The Leisure van is similar to the Classic and shares the same mid mounted double seat which simply converts to a bed or a day bed. However, it has evolved to include optional vari-mount sliding seat, twin sliding doors that exploit the inside / outside kitchen as well as multiple awning options and social space. Both driver and passenger seats swivel so four can dine / relax with ample leg room.

Leisure Van

Q: WHY CONSIDER THE LEISURE VAN?

A: Perfect for a couple to use primarily for themselves as a Camper with 4 travel seats. The fixed mid mounted seat / bed provides generous habitation space and pragmatic boot space including designated storage for cables and silver screens whilst the optional vari-mount sliding seat adds astonishing versatility.

A: Twin sliding doors are the Leisure vans unique design point, offering kitchen facilities both inside and outside. Relax in contoured swivel cab seats with generous leg room and enjoy cross ventilation on a warm summers night. Alternatively, sit outside and easily grab a chilled beer or glass of pinot grigio from the drawer fridge and enjoy the local sunset.

FORD CUSTOM LIMITED: Tailgate, left and right hand side sliding door, body colour coded front bumper, front fog lights, power folding and heated door mirrors, heated windscreen, privacy glass, auto sensing wipers and lights, projector cornering headlights, front and rear parking sensors, DAB Radio with multi function display, leather trimmed steering wheel, cruise control, lockable glove box, ABS, ESP, side wind mitigation and roll stability control, reverse camera. Sync 3 including 8" touch screen, 16" alloy wheels, air conditioning, colour coded body pack alarm and high security door locks.

VW T6 HIGHLINE MODEL: VW's Highline model is a close comparison to Ford's Limited model including colour coded body mouldings, alloys, air con, cruise control, blue tooth, rear parking sensors, auto lights, fog lights, heated adjustable mirrors and heated windscreen. The 150ps model offers 6 speed manual transmission as standard, whilst the 204ps model offers ultimate performance.

CONVERSION: Quality starts with white high gloss, high pressure laminate furniture board; these robust boards are skilfully cut and routed by hand with nylon edge banding mechanically adhered. Both floor and side panels are insulated, whilst slip resistant Altro flooring and stainless steel door trims endure the most extreme of lifestyles. Relax in single, driver and passenger heated swivel seats, twin side doors with fixed LH window, RH sliding window, LH third row window, glazed tailgate or barn doors, Space saving tambour doors are quiet on the move and enhance the automotive interior feel. Live independently off grid with a two ring gas hob and associated gas box, stainless steel sink, large under floor fresh and grey water tanks, 115AH leisure battery, 240V hook up, 100W solar panel, 2x 12V and 2x 240V sockets, 50ltr compressor drawer fridge freezer, cab silver screens, black out curtains, LED lighting, large multi position table system and flip up kitchen unit worktops. The M1 certified mid mounted fixed or vari-mount sliding double rear travel seat / bed uniquely reclines in to multiple positions incorporating isofix child safety seat anchors, with stowage under for a porta potti. The bed also transforms intelligently into a comfortable day bed to enjoy that all important morning cup of tea.

LO-LINE:	Ford steel roof, panoramic glass roof hatch with silver- screen insulated black out.
POP-TOP:	Reimo front lifting elevating roof inc front spoiler, front window and side screens with curtains.
HI-LINE:	Ford steel roof, full height rear barn doors, LH upper locker, full height RH wardrobe extension, locker over kitchen and over cab locker, 500mm x 500mm roof light complete with black out blind and insect screen.

Q: WHY CONSIDER AN MRV?

A: The MRV's greatest assets are the suspended bed and four rail floor tracks providing intelligent versatility, combining flexible load space, optional single rear travel seats and the same fixed longitudinal twin side door furniture as the Leisure van.

A: Perfect for a day out, or wild camping for weeks independently off the grid, made easy by way of the large fresh and waste water tanks, 2 burner gas hob and gas bottle, Porta potti and designated leisure battery including 100W solar panel.

FORD CUSTOM LIMITED: Tailgate, left and right hand side sliding door, body colour coded front bumper, front fog lights, power folding and heated door mirrors, heated windscreen, privacy glass, auto sensing wipers and lights, projector cornering headlights, front and rear parking sensors, DAB Radio with multi function display, leather trimmed steering wheel, cruise control, lockable glove box, ABS, ESP, side wind mitigation and roll stability control, reverse camera. Sync 3 including 8" touch screen, 16" alloy wheels, air conditioning, colour coded body pack and alarm. 130ps or 170ps Euro 6 TDCi manual or automatic transmission.

VW T6 HIGHLINE MODEL: VW's Highline model is a close comparison to Ford's Limited model including colour coded body mouldings, alloys, air con, cruise control, blue tooth, rear parking sensors, auto lights, fog lights, heated adjustable mirrors and heated windscreen. The 150ps model offers 6 speed manual transmission as standard, whilst the 204ps model offers ultimate performance.

CONVERSION: Single drivers and passenger swivel cab seats, Bonded M1 certified 4 rail floor track system, LH fixed 2nd row side window, twin side doors with sliding RH window, LH third row window, glazed tailgate or rear barn doors. High gloss white furniture, complete with bespoke alloy extrusion, edge banded trim, tambour doors, 2 ring gas hob and associated gas box, stainless steel sink, large under floor fresh and grey water tanks, 115AH leisure battery and 240V hook up, 100W solar panel, 1x 12V and 2x 240V sockets, 50ltr compressor drawer fridge, cab silver screens and black out curtains, LED lighting, large multi position table system and flip up kitchen unit worktop. Multi height suspended bed system which simply extends to create a generous comfortable bed over the load area, also can be set as a double habitation seat or a day bed. Insulated floor topped with heavy duty vinyl, cupboard for portable toilet. The bonded floor allows multiple seat positions, secure mounting points for loads and wheelchair restraint systems. Rubber insert available to keep tracks clean and support interior aesthetics.

LO-LINE:	Ford steel roof, panoramic glass roof hatch with silver- screen insulated black out.
POP-TOP:	Reimo front lifting elevating roof inc front spoiler, front window and side screens with curtains.
HI-LINE:	Ford steel roof, full height rear barn doors, LH upper locker, full height RH wardrobe extension, locker over kitchen and over cab locker, 500mm x 500mm roof light complete with black out blind and insect screen.

FORD CUSTOM LIMITED: Tailgate, left and right hand side sliding door, body colour coded front bumper, front fog lights, power folding and heated door mirrors, heated windscreen, privacy glass, auto sensing wipers and lights, projector cornering headlights, front and rear parking sensors, DAB Radio with multi function display, leather trimmed steering wheel, cruise control, lockable glove box, ABS, ESP, side wind mitigation and roll stability control, reverse camera. Sync 3 including 8" touch screen, 16" alloy wheels, air conditioning, colour coded body pack and alarm. 130ps or 170ps Euro 6 TDCi manual or automatic transmission.

VW T6 HIGHLINE MODEL: VW's Highline model is a close comparison to Ford's Limited model including colour coded body mouldings, alloys, air con, cruise control, blue tooth, rear parking sensors, auto lights, fog lights, heated adjustable mirrors and heated windscreen. The 150ps model offers 6 speed manual transmission as standard, whilst the 204ps model offers ultimate performance.

Q: SHOULD I CONSIDER THE MRV?

A: Both MRV and Day Vans models share our Innovative suspended bed. The Day van "trumps" the MRV with a 100% clear load space and the option of a full width wider bed, plus up to 7 passenger travel seats. The MRV "trumps" the Day van when "off grid" with larger water tanks, gas bottle, 2 burner hob, solar panel as standard and furniture providing more efficient designated storage.

Q: WHICH ROOF HEIGHT IS RIGHT FOR ME?

A: This depends if you think with your head or your heart. The Lo-line is the most affordable and just sneaks under most height barriers. The Pop top carries the highest premium, but it's your only option if you need 4 berths within the van, plus in the Summer the pop top gives you the best of both Lo-line and Hi-line. The Hi-line is the most pragmatic roofline giving you insulated comfort from September to April, organised storage, removing "clutter" from your floor and is significantly cheaper than a Pop top. If 4 berths are only required for occasional summer use, then a drive-a-way awning could be an alternative solution.

CONVERSION: Because the Day Van offers hundreds of combinations doesn't mean you need them all at once! Most owners will usually switch between a couple of floor plans in the knowledge they can always add or remove elements in the future or when a specific occasional floor plan is needed.

All day vans include, Twin side doors and tailgate (unless highline, rear barn doors) 6 rail M1 certified bonded floor, swivel passenger and driver cab seat, air conditioning, sliding RH 2nd row window, blackout curtains, cab silver screens, Suspended bed anchors and reinforced integral rear bed supports, insulation and Carpet trimmed, Altro flooring and stainless steel door trims, LED lights, 240V hook up, designated leisure battery and 240V/12V charger, 100W solar panel.
