The Leisure Van boasts five full-size travel seats; a hi-line roof is one of three options; high-quality cabinetwork features in the galley

## **AUTO CAMPER LEISURE VAN**

**PRICE FROM £29,995**

**Web** [www.auto-campers.co.uk](http://www.auto-campers.co.uk)

Berkshire-based Roy Wood Transits launched a new compact camper range at the show, starting from just £29,995. Built on the new Ford Transit Custom, the Leisure Van features one floor plan that starts with five full-width travel seats.

Buyers have a choice of roof – lo-line, pop-top or hi-line (pictured) – and there is a range of options

from which to choose for the base vehicle and the conversion. Fit and finish, using high-quality German cabinet work in the rear galley, is top-drawer, and little wonder: the Leisure Van is built by conversion masters Wellhouse Leisure.

When made up, the double bed measures 1.98m x 1.68m (6ft 6in x 5ft 6in). Two berths come as standard; two more are available if you specify the pop-top option.
